OF DEMOCRACY IN THE UNITED STATES.By the Author of the Republic of the  
United States, &c.

This important work is now in press, the first  
volume of which will be issued early in the  
autumn of 1854.

The publication of this work will be continued  
by the subscribers; and in due time they will  
publish in the several States a complete list of agents,  
who will be prepared to furnish copies promptly  
in every part of the Union.

The author may have ample time to prepare his  
work according to his views of completeness;  
that the publisher may be enabled to issue the  
numbers with promptness and at stated prices,  
thereby protecting the interest of their agents, the  
following arrangement is announced in the full  
confidence that the work will be taken in part  
to stereotype the next six numbers, making ten  
in all, thus completing the first volume before any  
more are published.

The numbers will then be issued monthly, with-  
out interruption, to the end. Those who prefer  
the volume bound will be accommodated without  
extra charge for binding; and the numbers already  
published will be sent to subscribers in part  
pay, if not injured, at their full cost to subscribers.  
In announcing this unavoidable delay for a few  
months, the publishers are not ungrateful of the  
most sincere desire of many specially to possess the  
work. The necessity of accommodating the au-  
thor, whose labors are incessant, will appear ob-  
vious to all without particular explanation.

Gent: I have the honor to acknowledge the receipt  
of the various papers, during the past three years,  
upon all the various papers and artificial prepara-  
tions for the preservation of timber, have led me  
to the important discovery that the White Zinc  
Paint, manufactured by the New Jersey Zinc Com-

any kind combines the same protective effect.

I am now preparing a full report on this important  
subject to the Bureau of Yards and Docks, at

ries of specimens of wood, metal plates, which were

## PROSPECTUS

**"WASHINGTON SENTINEL."**  
I PROPOSE to publish in the city of Wash-  
ington, in September, a political newspaper, un-  
der the name of the WASHINGTON SENTINEL.  
In doing so, it is proper I should make known  
the principles it will maintain, and the policy it  
will advocate.

It will not be ambitious to commend itself to the  
people by a blind flattery of their rulers. It will  
seek public support by the bold avowal of the  
principles which are common to the genuine  
Democracy of the Union, and by the condemna-  
tion of all such as may conflict with them, from  
whatever quarter they may come. It will seek to  
be (and it will endeavor to be) the organ of the  
principles of the Democratic party of the United  
States.

tion of all such as may conflict with them, from  
whatever quarter they may come. It will seek to  
be (and it will endeavor to be) the organ of the  
principles of the Democratic party of the United  
States.

\*The SENTINEL will maintain, as a fundamental  
truth, that great party, that the States formed the  
Union, and that the Government is a creature of  
the States, and that the States are the only au-  
thority of the Government, except in so far as an in-  
dependent maintenance of the doctrines of that  
party may represent its opinions and express its  
views.
